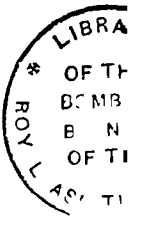
Poona, 10th May 1927.

From

F. G. H. ANDERSON, Esq., M.A., I.C.S.,
Inspector General of Registration,
Bombay Presidency,
Poona;



To

THE SECRETARY TO GOVERNMENT,
Revenue Department,
Bombay.

Subject:—Administration Report.

Sir,

I have the honour of submitting my notes on the working of the Registration Act XVI of 1908 during the calendar year 1926 together with the statistical statements prescribed by Government Resolution, Revenue Department No. 330-A of 15th May 1923, 20th August 1923 and 23rd November 1923.

2. I was in charge of the department throughout the year.

3. The total number of registrations have slightly increased from 300,218 in 1925 to 301,902 in the year under report or by ·56 per cent. The increase in the number inspite of general dullness of trade throughout the Presidency, shows that after the continuous decline during recent years bottom seems to have been touched and we may hope the number will not go down in the future. The increase in registrations is not general. Bombay City still shows a slight fall (2·7 per cent.). All the five Gujerat districts show an increase while the Konkan, Deccan and Karnatic taken as a whole show a small decline (though a small rise is seen in Thana, Poona, Ahmednagar, West Khandesh and Dharwar). The fall of 18 per cent. in the number of registrations in East Khandesh is noteworthy. It is curious however that in the neighbouring district of West Khandesh (which is also a cotton district), the number has increased by 14 per cent. In Sind districts the increase is general and amounts to 10 per cent. but it is ascribed to tightness of money market (a condition which would have exactly the opposite result) and failure of crops. In the districts of Sukkur, and Hyderabad the increase amounts to 18 and 16 per cent. respectively. The District Registrar, Sukkur has given no reason for the increase while the District Registrar, Hyderabad attributes it to slackness of business and tightness of money market (two contradictory conditions). My belief is that money is easy in Sind

and business hopeful as the Barrage works proceed and that is enough to account for a rise in business. The average value per transaction in Bombay City has imperceptibly increased from Rs. 23,743 in 1925 to 23,761 in 1926 the average value per transaction in the whole Presidency however which has been declining from 1920 shows a further fall from 1,145 to 1,098 which indicates that as a result of stagnation of trade and further deflation, property is still falling in value.

4. Documents relating to immovable property constitute 97·8 per cent. of the total registrations. They have increased from 293,616 295,070 or by ·49 per cent. Documents relating to movable property have also increased from 4,539 to 4,641 or by 2·2 per cent. .

5. Compulsory registrations have increased from 286,436 to 287,392 or by ·33 per cent. while Optional registrations relating to immovable property have increased from 7,180 to 7,678 or by 6·5 per cent.

6. Sales show a decrease of 3,328 or of 2·4 per cent. but in the province of Sind they have increased by 6·6 per cent. Mortgages have increased by 8,134 or by 9·1 per cent. This is the only class of documents which shows a substantial increase and the increase has taken place in all the districts of the Presidency except in Bombay and the 3 Konkan districts. This general increase is attributed to failure of crops and tightness of money market which compelled people to borrow money on the security of their properties. Compulsory leases have declined from 38,419 to 34,187 or by 11 per cent. The chief fall being in the districts of East Khandesh, Belgaum and Dharwar. The fall in East Khandesh is attributed to failure of crop. Variations in the other classes of documents are unimportant and do not call for remarks.

7. Tagai bonds have declined from 2,038 in 1925 to 1,706 in 1926.

8. Sale certificates granted by Civil Courts and Revenue Officers have increased from 2,591 to 2,935.

9. Sub-Registrars working under the Deccan Agriculturists' Relief Act in the four districts of Poona, Satara, Sholapur and Ahmednagar prepared 49,064 documents against 47,770 during the preceding year.

10. Seven thousand six hundred and eighteen (7,618) documents relating to Co-operative Credit Societies were registered during the year against 7,485 registered during last year, which shows an increase of 1·8 per cent. A sum of Rs. 26,601 (against 18,625 of last year) *would have been added to the net income of this department* if these documents were not exempted from payment of fees and fines by way of subsidy to Co-operation.

11. Refusals to register have declined from 607 to 522. There were 170 appeals or applications against these refusals. In 145 cases registration was ordered and in 25 cases the refusal orders were confirmed. In five cases registration was ordered by Civil Courts.

12. Documents impounded were 668. In 437 cases duty and penalty were recovered ; 80 documents were held sufficiently stamped and 151 cases awaited disposal at the end of the year.

13. The number of documents returned by post amounted to 216,713 (71·8 per cent.) against 215,054 (71·6 per cent.) of the preceding year which shows that the number is increasing every year. Five documents registered in Sakri Sub-Registry Office in West Khandesh sent to parties by Registered Post were lost in transit by the Postal Department. The parties concerned were supplied with free certified copies at the expense of the Postal Department which was responsible for the loss. For many years no such loss has occurred.

14. The number of Parsee marriages registered was 562. Of these 402 or 71 per cent. were registered by the Registrar of Marriages, High Court, Bombay. Fifteen marriages were solemnized under the special Marriage Act against 23 during the preceding year.

15. Though the total number of registrations have increased the gross income of the department (*vide* column 28 of form No. III) has declined from 12,40,816 to 12,37,366 or by ·28 per cent. which is due to continued fall in the aggregate value of property due to deflation of currency. The fall in income by about 16,000 in the East Khandesh district (the headquarters of oomra cotton) is noteworthy.

16. The total expenditure of the department (*vide* form No. 4) has increased from 631,241 to 639,422 which is due to increased pay given to the establishment under the incremental system. Besides the expenditure shown above expenditure incurred on the following items is to be taken into account:—

	Rs.
Cost of printing books and forms and cost of rubber stamps	17,550
Cost of stationery	2,410
Rough rental value of Registration offices ..	36,000
Rough proportion of pay of District Registrars and Inspector General of Registration	58,180
Total ..	1,14,140
Credited by Land Records Department to Registration Department for C.T.S. Works done by Sub-Registrars	—1,500
	1,12,640

Including the above the total *pro forma* expenditure comes to Rs. 7,52,062, against Rs. 7,46,520 of the preceding year. Deducting this and refunds (4,015) from the total income the net surplus of the department amounts to Rs. 4,81,289, against Rs. 4,89,676 of the preceding year or less by Rs. 8,387, *i.e.*, 1·7 per cent. which is due to decrease in gross receipts and increase in cost of establishment. Unless photography is extended the net income will not be increased (or expenditure reduced).

17. The piece work system continues to work satisfactorily, where employed.

18. Under R. 6,010 dated 2nd August 1926 the visits of the Sub-Registrar of Mangaon in the Kolaba district to Goregaon were curtailed as there was no sufficient work. For similar reasons the visits of Sub-Registrar, Bagalkot to Bilgi in the Bijapur district were curtailed under R. 1,456 dated 3rd September 1926.

19. There were in all 6 prosecutions during the year. (1 in Ahmedabad district 3 in Satara, 1 in West Khandesh and 1 in Dharwar). In the Ahmedabad case the prosecution was for an offence of forgery under sections 467 and 114 of the Indian Penal Code. In the case there were four accused; of these 3 were discharged and the 4th, Claiming party, was convicted and sentenced to undergo rigorous imprisonment for 4 years together with a fine of Rs. 1,000. The identifier in the case was discharged on the ground that he identified the executant on the claimants assurance that he was the real executant. This is still under discussion with Legal Department.

Of the three Satara cases all under section 82 of the Registration Act, one was under section 82 clauses (*a*) and (*c*) of the Act. In that case the accused (executant) was sentenced to undergo rigorous imprisonment for six months under each clause and was ordered to pay a fine of Rs. 100 under the latter clause. In the second case the identifying witness was convicted and sentenced to pay a fine of Rs. 200. The third case remained undisposed of at the end of the year.

In the West Khandesh case which was also under section 82 of Registration Act, there were three accused; one was sentenced to one year's rigorous imprisonment and was ordered to pay a fine of Rs. 1,000 and the remaining two were sentenced to three months simple imprisonment.

The Dharwar prosecution is for false personation and is pending.

20. All the duties of C.T.S. maintenance work except technical measurement and map correction work were entrusted to Sub-Registrars in ten lightly worked offices during the years 1924 and 1925. The system has been extended to one more office in 1926. Twenty-three Sub-Registrars were given the work of posting mutations due to registered transactions in P. R. in 1924 and 1925 and this was extended to one more office in 1926. The work on the whole is done quite satisfactorily.

21. The photo copying system has been working satisfactorily. The District Registrar, Bombay Suburban District, observes that it is decidedly an improvement over the old hand copying system. Its special recommendation is that it will check the temptation to forge documents. The District Registrar, Ahmednagar, remarks that the photo copies show a distinct improvement in clearness and legibility. The new film process is now to be introduced. The main difficulties, *viz.*, smallness of the size of photo copies and occasional failure to reproduce a word or part of a word if the original was faint, are surmounted by this process. Samples of the photo copies have been already submitted to Government. The new photo copies were also shown to the members of the Legislative Council who had opposed the photographic method and they have

expressed the view that the new results are free from objection. Dr. Meldrum, Principal of the Royal Institute of Science, has already given his opinion that the photo copies are quite permanent. That question of durability is therefore settled. It had obsessed some critics only because of their experience with ordinary portraits which are got by a totally different process. The Finger Print Bureau has also certified that the new prints are quite fit for use in identifying the finger prints. The bill to legalise the photo-copying system by removing one or two ambiguities will be introduced in the Legislative Council at the next Poona Session and if it passes the supposed legal difficulties will disappear. The photo system will assuredly be a boon to the registering public, and to the Exchequer.

22. The Inspectors of Registration examined almost all the offices in their charge. One hundred and fifty six (156) Sub-Registry offices were examined by District Registrars and one twenty-one (121) by Prant Officers. I myself examined six District Registrars, offices and 18 sub-Registry offices. The inspection work carried on during the year was on the whole adequate. When inspecting the Bombay Sub-Registry office I found many of the old volumes utterly tattered owing to constant handling. The Superintendent, Government Printing and Stationery, has promised to improve the binding of the Registers.

23. Mr. Barve my Head Assistant and my office staff have rendered zealous and entirely satisfactory service. Mr. Audy has worked with great energy at the new photo process and also in maintaining the efficiency of the old ; and I am glad he has now fully worked out the much better method.

Your most obedient servant,
F. G. H. ANDERSON.
